The Cheapest Liability Insurance Around

As a party or event host, YOU are responsible for the safety of your guests AFTER they leave the party. **Be a responsible host and protect yourself while protecting your guests—hire a team of designated drivers to get your guests and their cars safely home!**

Sober Rovers acts as LIABILITY INSURANCE for the party host, because our drivers are stationed and waiting at your event during the time reserved—the responsibility now lies with the guests: Whether to take a safe and sober ride home or take the risk of driving while intoxicated is their choice.

How It Works

- Drivers arrive on motorized scooters that fold up compactly and cleanly in a leak-proof bag to store in a guest's trunk or back seat. Once the guest is dropped off safely at home with their car, the Sober Rover takes out his scooter and returns to the event location for the next ride.
